

**LMS FEATURE**

# LESSON PLAN BUILDER

Use technology in lesson planning to  
**Create Classroom Curriculum Efficiently**

The Lesson Plan Builder gives educators an electronic alternative to creating classroom lesson plans. Within the secure walls of the Learning Management System (LMS), educators can quickly complete their lesson plans with this easy-to-follow template design. It allows educators to integrate technology into their classroom curriculum, through the use of technology!

The Lesson Plan Builder is designed to allow educators to tie specific national, state, or district standards to each lesson, to show how they are meeting their requirements. Educators can also choose to share their lesson plans globally, through the safety of our Lesson Plan Global Library.

**Allows you to...**

- Create lesson plans electronically
- Use an easy-to-follow template
- Attach a state, national, or district standard
- Save lesson plans in the system for anytime, anywhere access
- Share lesson plans with teachers across the country

**LESSON PLAN BUILDER...**

provides an easy alternative to creating classroom lesson plans, allowing educators the ability to uphold national, state, or district standards.
